DILSHAN PATHIRANA

APPLIED SCIENCE UNDERGRADUATE | AI/ML ENTHUSIAST
SOFTWARE ENGINEER | WEB DEVELOPER | VISUAL STORYTELLER

PROFILE

Final-year Applied Science undergraduate specialising in Computer Science at the University of Peradeniya, with practical experience in software development, AI, and machine learning. A proven team player and project contributor, demonstrated through real-world academic solutions and leadership roles in student organisations. Also, an accomplished photographer and videographer, combining technical expertise with creative problem-solving. Passionate about using technology and visual storytelling to tackle real-world challenges and drive innovation.

PROJECT EXPERIENCE

AI-Powered Note-Taking Application

JULY 2025

Tech Stack - Python, OCR, OpenAI API

- Designed an AI-assisted tool that scans images/screenshots, extracts and structures text via OCR, and generates refined PDF notes using natural language processing APIs

Fish Tracking and Distance Analysis System

JULY 2025

Tech Stack: Python, OpenCV, NumPy, Matplotlib, Multiprocessing

- Built a tool to analyse top-down fish tank footage by tracking centroid movements, generating heatmaps, calculating distances travelled in cm, and batch-processing videos in parallel.

Long-Term Efficiency Prediction of Solar Panels Using Machine Learning

APRIL 2025

Tech Stack - Python, Pandas, Scikit-learn, TensorFlow, Keras

- Building ML models (RNNs, LSTMs) using NASA POWER data to forecast solar panel efficiency and guide sustainable energy planning.

Web Application & Resource Management System - perabeats Media Society

2024 - 2025

Tech Stack - MongoDB, Express.js, React, Node.js, Postman

- Created a platform for event coordination and equipment booking, digitising manual workflows for greater efficiency
🌐 www.perabeats.com

Camera Shop & Rental Management System

JUNE 2025

Tech Stack - Spring Boot, MySQL, RESTful APIs, Postman

- Developed a full-stack web app for camera sales and rentals with secure user authentication, real-time inventory, and an admin dashboard.
